

Where in the World?

Choose a Country

Find it on the map

Look up fun facts

Give clues

You win when someone
guesses correctly

Share what you've
learned!

This game is fun and easy!
It will start to broaden
your child's awareness of
the world and spark their
interests!

We use a spinner app to
choose a country but you
can pull country names out
of a hat, assign them, or do it
whichever way works best
for you!

Take turns being the
guesser and follow the
rabbit trails together!

More to explore!

Use this page to write down questions, ideas and all of the things your family wants to learn more about.

You'll love where these explorations take your family and the way your kids light up when you let them take the lead on learning!
